Technical Skills

Languages	C++, Python
AI / ML	Scikit-learn, OpenCV, NumPy, Pandas, Computer Vision
Databases	MySQL
Core CS	DSA, OOP, OS, DBMS
Tools	GitHub, PyQt5
Concepts	Testing, Debugging

Projects

AI-Powered Smart Retail & Customer Intelligence Platform

Python • FastAPI • OpenCV • PyTorch • Scikit-learn

- Built an AI-powered retail platform combining **computer vision, sentiment analysis, and a customer support chatbot** .
- Developed face recognition using **Haar Cascades and LBPH** and product classification using **MobileNetV2**.
- Implemented sentiment analysis using **TF-IDF and Logistic Regression** with an ML-assisted FAQ chatbot.
- Created REST APIs using FAST API and Pydantic , with a Streamlit dashboard, Docker deployment, and GitHub Actions CI/CD.

Chemical Equipment Parameter Visualizer (FOSSEE)

Python • Django • Django REST Framework • PyQt5 • React • Pandas • Matplotlib

- Built a hybrid cross-platform application (Django backend, PyQt5 desktop app, and React web frontend) to parse, analyze, and visualize chemical equipment data.
- Designed REST APIs for CSV uploading, automated statistical processing (summary stats, distribution counts), and upload history tracking.
- Integrated interactive equipment type distribution charts and data filtering views in both desktop GUI and web dashboard.

Fuel Blend Properties

Python • LightGBM • XGBoost • SciPy • KFold CV

- Blended multi-output and per-target stacks to exploit target correlations and capture per-target nuances.
- Implemented per-target feature selection to select top features per property, reduced MAPE by 5% vs baseline.
- Achieved 2% MAPE reduction through hybrid ensemble combining multi-output and per-target stacking.

Education

Vellore Institute of Technology **2023 – 2027**
B.Tech in Computer Science and Engineering

CGPA:8.16/10.0

Jayshree Periwal High School **2023**
Science (PCM)

Achievements & Activities

- Cleared Primary Round of Deloitte Hackathon.
- MP Online Course Completed.
- **Languages:** JLPT N4 (Awaiting Certificate) • French (Conversational Fluency)
